MEMORANDUM

To: All Engineering Staff

From: Richard Teo

SINGAPORE STANDARD CP 15 : 2005 – CODE OF PRACTICE FOR INSTALLATION, OPERATION AND MAINTENANCE OF ESCALATORS AND PASSENGER CONVEYORS

We have purchased a book entitled "Installation, Operation and Maintenance of Escalators and Passenger Conveyors" and a copy of the table of contents is attached herewith for your information.

The book is available for loan from the Library.

Foreword 6

CLAUSES

1 Scope 7
2 Purpose 7
3 Definitions 7
4 Symbols 8
5 Enclosure, surrounds, supporting structure and lighting 9
6 Machinery spaces 13
7 Handrail 15
8 Steps, pallets, belt and combs 16
9 Drive for steps, pallets or belt 20
10 Angle of inclination of the escalator and passenger conveyor and guiding of the steps, pallets and belt 20
11 Clearance between steps or pallets and between steps or pallets or belt and skirting 21
12 Machine 22
13 Electrical installations and appliances 26
14 Protection against electrical faults – Controls 29
15 Signs, notices for use and signals 35
16 Inspection and test, register and maintenance 37

ANNEXES

A Determination of theoretical capacity 48
B Exchange of information 49

FIGURES

1 Escalator (elevation), principal dimensions 40
2 Escalator/passenger conveyor (sectional view), principal dimensions 41
3 Steps, principal dimensions 42
4 Typical escalator 43
5 Pallets, clearance and mesh depth 44
6 Belt (sectional view), single force 45
7 Typical single line wiring diagram of electricity supply to an escalator or a passenger conveyor 46
8 Pictograph 47
9 Pictograph 47
10 Pictograph 47
