President, ACES → FAX To: ACES MEMBERS (20.10.04)

Dear Sirs,

Emergency Exit Sign/Power Pack/Lighting

We refer to our previous letter dated 7th February 2003.

Please be informed that the deadline for complying to the latest standards for the above products has been extended to 30/06/2005.

Currently, the above products are certified by PSB under the Product Listing Scheme (PLS) in compliance with SS 263 : Part 2 : 1996 or1998 and SS CP 19 : 1991 or 2000. All existing models that have expired will be renewed to the old or revised standard until 30 June 2005, after which they would be required to comply to the revised standard only (Please see Appendix). For new applications (i.e. for any product without a Certificate of Conformity), the products are required to be tested in compliance with the revised standard as from 1 July 2005.

For building plans submitted after 1 July 2005, the products will have to comply with the revised standard.

For any clarification, please contact Mr How Khee Heng at 68851262 or Christopher at 68851271.

Yours faithfully

Chiew Wan
