Dear Sir

DISCONTINUATION OF INSPECTION PRIOR TO TURN-ON OF ELECTRICITY SUPPLY FOR LARGE ELECTRICAL INSTALLATIONS

1. It is the current procedure for Installation Section to inspect a customer's main switchboard prior to the appointed date of turn-on of an electrical installation of a capacity exceeding 45 kVA.

2. The Department has reviewed and found that the inspection and turn-on can be done on the same day thus making the procedure more streamlined and simple. The current procedure of inspection prior to turn-on will therefore be discontinued with effect from 1 April 1994.

3. For any clarification, please contact officers of Installation Section at Tel nos 2777032/33/40 to 48.

Yours faithfully

CHOY HON TIM
DIRECTOR, ELECTRICITY DEPARTMENT
