Foreword 6

**CLAUSES**

Section One – General

1.1 Scope and normative references 7

1.2 Definitions 7

1.3 General requirements 8

Section Two – Design considerations

2.1 System components and equipment 10

2.2 Control station 11

2.3 Control station design and operational requirements 12

2.4 System design and operational requirements 13

2.5 Power supply 19

Section Three – Installation and maintenance

3.1 Installation 19

3.2 Maintenance and testing 21

**ANNEXES**

A Guidance for the design of emergency voice communication (EVC) systems 24

B Mode of operation and response of personnel 30

C Sample messages 31

D Recommendations applicable to all modification works 34

**TABLES**

A.1 An example of design criteria for public spaces in a hotel 27

A.2 An example of typical real life noise levels 28
