Dear Sirs

COMPLIANCE WITH SINGAPORE STANDARD CP 5:1988

Regulation 4 of the Public Utilities (Electricity) Regulations has been amended and it reads as follows:

> "All electrical and supply installations in every premises shall comply with the Singapore Standard CP 5: Code of Practice of Wiring of Electrical Equipment of Buildings issued and amended from time to time by the Singapore Institute of Standards and Industrial Research, or with such other standard or code of practice as the Board may determine."

2 With effect from 1 May 1995, all new electrical and supply installations and re-wiring and extensions to existing installations in every premises shall comply with Singapore Standard CP 5:1988.

3 Please be reminded that all electrical and supply installations shall continue to also comply with the Board's existing requirements on meter board arrangement, temporary electrical installations for construction and building sites, earthing system, etc, where applicable.

4 For any clarification, please contact officers of Installation Section at 2777032/33/40 to 43.

Yours faithfully

CHOY HON TIM
DIRECTOR, ELECTRICITY DEPARTMENT
